RAVENOL Sperrdiff. Hyp. Getr.öl LS SAE 85W-90 GL-5 offers best requirements in differential gears and differential lock.

RAVENOL Sperrdiff. Hyp. Getr.öl LS SAE 85W-90 GL-5 ensures good adhesion, high pressure-resistant lubricating film and offers excellent "limited slip" (LS) properties against unwanted slip-slip properties.

Greatly offset hypoid gear pairs are also under severe operating conditions effectively protected against wear.

Application Notes

RAVENOL Sperrdiff. Hyp. Getr.öl LS SAE 85W-90 GL-5 was specially developed for use in differential with high requirements on differential with differential lock.

Characteristics

RAVENOL Sperrdifferential-Hypoid-Getriebeöl LS 85W-90 offers:

- Extremely high load carrying capacity
- Excellent long-term wear protection
- Exceptional "limited slip" properties
- Excellent resistance to aging
- High oxidation resistance even under high thermal loads
- Good foam / cavitation resistance even at high speeds
- Compatible with ferrous metals and all types of sealing materials
- Excellent viscosity-temperature behaviour
